

Craigie Heights Primary School - Wishlist for the P&C – November 2023

Thank you for the opportunity to put forward a further wishlist for 2023. The staff and students acknowledge the immense time and hard work of the P&C committee and the parent support of our wonderful school. Thank you.

These are our current wishes (documents showing products are attached):

1. A defibrillator: the Director General of Education has instructed all WA schools to purchase and install an external defibrillator by the end of June 2024. This will cost the school a total of \$3690.00 (product and cabinet). We would appreciate any support the P&C can offer in providing this service to our community.
2. Play equipment for the Kindy playground (at the back of room 1) to add to what is already in stock in our sheds

(a) Cubby House	\$3803
(b) Outdoor Waterwall	\$1380
(c) Mud Kitchen	\$ 580
(d) A new shed	\$1917
3. Outdoor play equipment and games to be used by our year 1 and 2 students in the play areas near Kamberang block during recess and lunch

(a) Giant Jenga	\$295.00
(b) Outdoor Waterwheel	\$1380.00 or
(c) Double-sided fixed water wall	\$690.00
4. Indoor construction and games for year one classes to support play and construction in the early years classrooms

(a) Connetix magnetic tiles -	\$159.99 x 3 = \$479.97
(b) Lego sets -	\$39 x 9 sets = \$351.00
(c) 5 pack of Lego base plates -	\$13.00 x 3 = \$39.00
(d) LaQ construction set -	\$209.99 x 3 = \$629.97
(e) Board Games set -	\$159.95 x 3 = \$479.85

We appreciate any support in these areas, and are also open to suggestions from the P&C.

Thanks again

DIY Outdoor Water-wall

This large water-wall provides opportunities for children to investigate and experiment with the Science concepts of "flow and motion".

The collection of PVC pipes and funnels allows for children to use their imagination to design and create a multitude of water paths. By trialing paths, they can predict outcomes, make observation and problem solve and come up with solutions.
